Freestanding freezer with NoFrost

◇ Plus

← 60 →

Energy efficiency class	
Energy consump. in 365 days/24 h	248 kWh¹
Total volume	277 l²
Noise output	38 dB(A)
Climate rating	SN-T (+10 °C to +43 °C)
Door / Side walls	BlackSteel / black
Exterior dimensions in cm (h / w / d)	185.5 / 59.7 / 67.5¹
Controls	
Type of Control	LC monochrome display behind-the-door, touch electronic Digital temperature display
Door alarm	visual and acoustic
Alarm in case of malfunction	visual and acoustic
Freezer compartment	
Star coding	****
Number of drawers	7 drawers on integrated drawer guide, VarioSpace Top drawer with convenient tilting function
Temperature rise time	16 h
VarioSpace	yes
Ice cube tray	1
Features	
Side-by-Side concept	Side wall heating right, suitable for combination with other refrigerators, freezers and/or wine appliances
Door hinges	Reversible door hinge, left
Replaceable door seal	yes
EAN-Nr.	4016803086352

¹ To achieve the indicated energy consumption level, the wall spacers provided with the appliance must be used. These increase the appliance depth by approximately 1.5 cm. If the wall spacers are not used, the appliance will remain fully functional, but will have a slightly higher energy consumption level.

² In accordance with Regulation EU 2019/2016 we indicate the total volume to the nearest integer (rounded off) and the volume of the frozen compartments and refrigeration compartments to one place after the decimal point.

Features

NoFrost

When you open your freezer, you want to see frozen food – and certainly not ice and frost. NoFrost protects the freezer compartment from unwanted icing, which consumes a lot of energy and can be expensive. NoFrost means no more tedious and time-consuming defrosting of the freezer compartment, more time for other things – and saving money.

BlackSteel

Black stainless steel strikingly emphasises the simplistic beauty of pure metal. The BlackSteel surface captivates with its unique vertical polish and refined touches, giving the material its characteristic sharpness and making it both scratch and fingerprint insensitive. So your appliance always remains an eye-catcher.

Touch display

Fingertip control: the touch display enables easy and intuitive operation of your Liebherr. All functions are clearly arranged on the display. By gently tapping a finger, for example, you can easily select the functions or check the current temperature of your refrigerator.

EasyOpen

Done this before? After putting all the shopping in the freezer you remember an item of food you have forgotten – and have to give the door a good pull to open it again. With your Liebherr, you don't need to do this. EasyOpen means the door can be opened multiple times one after another, conveniently and easily.

SpaceBox

Accommodate the “big stuff” in your Liebherr: An XL turkey or a multi-layered ice cream cake simply needs more space. Your Liebherr has the SpaceBox for exactly that purpose: At a generous height of 250 mm, it offers lots of extra space, even for large frozen goods. Helpful for you when storing food flexibly.

Recessed grip

Special and functional: You can open the appliance very easily using the vertically integrated and ergonomically fitted handle. Additionally, the modern and puristic design fits perfectly into your hands-free kitchen.

Features

EasyFresh

The guarantee of market freshness in the home is our EasyFresh-Safe. Whether it's unpackaged vegetables or fruit, this ensures optimal storage for everything. Thanks to the air-tight closure, the food causes the humidity in the safe to rise. This keeps the food fresh for a long time.

BlackSteel

Black stainless steel strikingly emphasises the simplistic beauty of pure metal. The BlackSteel surface captivates with its unique vertical polish and refined touches, giving the material its characteristic sharpness and making it both scratch and fingerprint insensitive. So your appliance always remains an eye-catcher.

Touch display

Recessed grip

Special and functional: You can open the appliance very easily using the vertically integrated and ergonomically fitted handle. Additionally, the modern and puristic design fits perfectly into your hands-free kitchen.

PowerCooling system

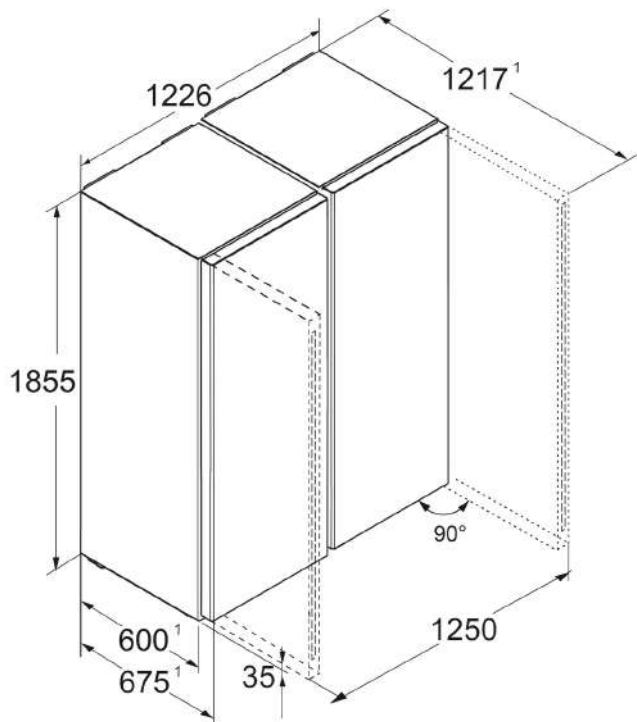

Do you want to be sure that the cold is distributed as evenly as possible in your refrigerator? If so, the PowerCooling system is what you need. The fan – as powerful as it is quiet – distributes the cold air efficiently throughout the entire refrigeration compartment.

Plinth concept

Does your refrigerator need to be powerful and convenient – but also sustainable? If so, then a Liebherr is perfect for you. Our BluPerformance technology makes it a real all-rounder. It offers a huge volume and lots of cooling capacity – but also consumes a very small amount of energy. And now listen! You can hardly hear a thing. Your Liebherr is extremely quiet despite its level of performance.

Technical drawing

Products and their details are staged for advertising purposes. Whilst every effort is made to ensure all specifications and information in this flyer are accurate, Liebherr reserves the right to make changes without notification. Where actual appliance measurements, specifications, and ratings are crucial, we recommend that the actual appliance installation instructions that accompany each appliance be checked. Liebherr will not be liable for any damage. (29.05.2024)
